# THE FUTURE LOOKS BRIGHT

## WHY CHOOSE BRIGHT33?

By using Bright33 lighting, homeowners can consume up to 80% less energy that lasts up to 25X\* longer than traditional lighting types—meaning just one of our LED lamps can equal up to 25 incandescent light bulbs. LED lighting is also much cooler than incandescent lamps, which reduces heat and the risk of burnt fingertips! Whether you purchase an integrated LED fixture or a socket fixture with included LED lamps, our goal is to offer stylish, energy-efficient lighting options for any project.

**Long Life.** Bright33 lamps and integrated LED fixtures have an outstanding operational lifetime, allowing them to last for years\* before needing a replacement.

**Economical.** Bright33 products can significantly reduce utility expenses, prevent future lamp replacements, and reduce maintenance costs.

**Effective.** Bright33 lamps turn on instantly and feature industry-leading color rendering (CRI). They are also ideal for outdoor operation under extreme temperatures and are resistant to shock and vibrations, making them a great lighting choice for rough conditions.

**Environmental.** Bright33 lamps do not contain mercury or any other hazardous substances, do not emit IR or ultraviolet radiation, and are 100% recyclable.

\*When used 3 hours/day.

# LED LIGHTING 101

## What is LED?

A Light Emitting Diode (LED) is a semiconductor device that converts electricity into light. Most white light LEDs are coated with phosphors to change the color characteristics of the emitted light.

### Color Rendering Index (CRI)

A measure of the correspondence between the color of an object and its appearance under a light source.

### Dimming

The ability of a lamp to dim from 100% to 0% brightness by an electronic control. Many LED bulbs are incompatible with current dimmer switches or cannot dim within the full range. Look for this icon for dimmable products:

### Lumens

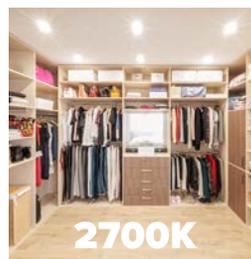

The perceived brightness of a lamp or fixture is measured in lumens.

#### Lighting Facts Per Bulb

Brightness	900 lumens
Estimated Yearly Energy Cost	\$1.21

### Light Appearance

The color that the lamp or fixture appears when on. Measured in Kelvin (K). Light appearances range from Soft White (2700K), Bright White (3000K), Cool White (4000K) or Daylight (5000K).

**NEW!**

## SOCKET FIXTURES

Bright33 is evolving! We've combined the style of incandescent fixtures with the efficiency of our LED bulbs to offer a new line of products that utilize LED technology in the form of a screw-in bulb. The LED bulbs provided with the socket fixture are energy-efficient and have a comparable lifetime to our integrated LED fixtures.

### 2-Lamp Vanity Light

**Features**

- Wall mount, glass up or down
- (2) E26 Base
- (2) ST19 LED bulbs included
- Clear seeded glass

**Finishes**

- Brushed Nickel (BN)

**Light Appearances**

- Bright White (3000K)

Finish	Dimensions (in)	Watts	Lumens	Model / ID No.	UPC

## **BRIGHT33 WARRANTY**

Bright33 Products LLC (Bright33) warrants to the Original Purchaser that its light emitting diode (LED) fixtures and lamps, including the LED arrays and the LED drivers and integral control devices, to be free from defects in material and workmanship under normal use and service. Should your Bright33 fixture or lamp prove to be defective in material or workmanship under normal use during the duration outlined below, effective from the original purchase date, Bright33 will replace defective unit as outlined below.

### **LED PRODUCT WARRANTY**

If the product supplied by Bright33 fails due to defects in material or workmanship within the first five (5) years of purchase date by the Original Purchaser, Bright33 will replace the defective unit free of charge. This warranty covers defects in manufacturing discovered while using the product as recommended by the manufacturer.

### **INCANDESCENT PRODUCT WARRANTY**

If the incandescent "socket" product supplied by Bright33 fails due to defects in material or workmanship within the first one (1) year of purchase date by the Original Purchaser, Bright33 will replace the defective unit free of charge. This warranty covers defects in manufacturing discovered while using the product as recommended by the manufacturer.

### **FIXTURE FINISH WARRANTY**

The finish material is warranted for a period of one (1) year. This warranty covers defects in manufacturing discovered while using the product as recommended by the manufacturer.

### **WHAT IS NOT COVERED?**

The warranty above does not cover, and Bright33 is not liable for, installation, any labor charges, damage resulting from acts of God, or products which have been damaged as a result of any accident, misuse (including use of the product for an unintended application, abuse, neglect, improper installation or maintenance, the use of abrasive or organic solvent cleaners, or modification).

Bright33 recommends using a professional electrician for all installation and repair of its products.

## HOW TO OBTAIN WARRANTY SERVICE

Contact our Warranty Department at (740)-314-1269 to report the defect. Return failed product with proof of purchase, your name and address within thirty (30) days of failure to:

**Bright33 Products LLC**  
**2620 Ridgewood Rd**  
**Akron, OH 44313**

## LIMITATION OF LIABILITY

Bright33's liability on any claim of any kind including, without limitation, warranty, negligence, and/or breach of contract, shall in no case exceed the purchase price paid by the Customer. In no event shall Bright33 be liable for any special, incidental, consequential (including, without limitation, damage to property) or punitive damages, damages in the nature of penalties or similar or related damages of any kind.

## DISCLAIMER OF WARRANTIES

Bright33 expressly disclaims all warranties, except as explicitly stated herein, to the fullest extent permitted by law, whether written, oral, expressed or implied, including any warranties of performance, merchantability, fitness for a particular purpose, and non-infringement. This disclaimer includes any oral warrants or representations made or implied by any agent, employee, subcontractor, manager, director and/or representative of Bright33.
